SNIPPETS of SALEM

232 – "The MUGWUMP" 1924 "THE MUGWUMPS ARE ALWAYS ON THE SAFE SIDE"

Contents:

These are copies of the Mugwump Newspaper for the titled year. These were published on a weekly basis by Paul J Sauer of Slades Corners, Kenosha County, Wisconsin.

He began publication when he was 14 years old in September 16, 1892 without a mentor, as a hobby and it continued thru the era of his father's General Store (Paul E) in Slades, thru the era of a cooperative with his brother (Oscar W) and finally thru the era of his ownership. (See 1932 09 08 4 for an image)

During a good portion of this time, he was also the Postmaster at Slades and it was located at the store, as was often the case. It was not until the Slades Corners Post Office was closed and the area was serviced by the Burlington Post Office and rates changed that he discontinued the paper.

Generally, it was an 11"x17" page, printed both sides and folder to create 4 pages. Impression for mailing of subscriptions was on the top of the page in rather small lettering.

Subscriptions varied but some commentaries number the count at 200. Throughout the years, the cost of a subscription varied and this information is contained within the document in the later years.

The pages are not numbers so as to allow for additional pages in the future as issues are found and copied. The figure of this booklet is a generalized amount of pages for gauging of booklet size.

The Code at the bottom of the pages represents
The Submitter, YYYY MM DD PG/page.

Please be aware that there are a few instances in these years that the banner was not changed and year and dates were incorrect. To the best of the ability of the compiler, these have been correct at the bottom of the page. It is suspected that depending on different printer setups, Mr Sauer had to use different plates and may have forgotten to change the dates. It is known that he had Burlington Standard Press do some of his printing, the reasons unknown but apparently in emergency. As we all know, equipment fails, individuals are ill, etc.

There may be duplicates in the document. This is because different qualities of copies from different sources may have presented. We used what we had regardless of quality and added to the collection with additional materials as they arrived. In the end, we hope to have the best there is to offer of this slice of history.

0- 4 pages apx

NOTE:

The materials herein were contributed by those of the area who wished that the history they have experienced be saved for the future generations. These may represent private documents as well as previously published articles and obituaries and images from their saved collections. We thank them for their generosity and willingness to contribute! Thank you!

Researchers should also refer to the Digital archives at the SALEM COMMUNITY LIBRARY for more images in the Valentine Digital Collection or digital images of items photocopied in this booklet or related to the topic. The Digital Archives of the Burlington Historical Society is also an outstanding collective of related materials and features the Mugwumps in their on line presentation!

A Personal Possession

YOU are often satisfied with less than the best, either because you are cleverly made to believe it can be bought for less than it is worth or because the preferred article cannot always be obtained at a moment's notice.

But you—and every woman—look forward to the time when you can possess a Napanee Dutch Kitchenet. Your best judgment, based on your knowledge of values, and the experience of your intimate friends, directs you to purchase the best and be forever satisfied with the perfect service it will render.

Napanee Dutch Kitchenets will go into many thousands of homes every year because they will continue to deserve this great preference.

You already know how the Napanee Dutch Kitchenet outclasses ordinary kitchen cabinets in the number of features of convenience it contains—let us explain those values not apparent at a glance which yet are built into each Napanee Dutch Kitchenet and are really responsible for its popularity.

LOCAL HAPPENINGS.

English service next Sunday at our local church.

Wm. Schulz has rented the Wm. Kohl Sr. residence at this place.

Miss Bessie Jensen spent Saturday and Sunday at her home in Union Grove.

Charles Schwanz and wife visited with Herbert Schwanz and family Sunday afternoon.

Robert Paul Wolff has been elected manager of the Concordia College Basket Ball Team.

Walter Schmidt and family spent Sunday with Sebastian Schulz and family in Burlington.

Wm. Steffen and family, of Powers Lake, and Otto Madaus and family spent Sunday afternoon with August Schwanz and wife.

Frank Schmidt, of Salem, transacted business here Monday. Mr. Schmidt said he sold two silos to Mrs. Runkel on his way over here.

The Lake Geneva Tribune, is now owned by Frank J. McCay, R. B. Elard and J. T. Dawson. The last named will be the editor.

Edwin Carey and Miss Evelyn Krumpfen were married last week Wednesday. Edwin Carey is a son of Mr. and Mrs. Thomas Carey at Richmond, Ill.

Sunday school lesson: Abraham's Faith. First Commandment. Hebr. 11, 1. Faith is the substance of things hoped for, the evidence of things not seen.

An extra meeting of the St. John's Ev. Luth. church has been called for March 2, 1924 immediately after service. Postal cards have been sent out to all members.

Mr. and Mrs. Walter Vollbrecht went to Milwaukee Saturday, where Mrs. Vollbrecht went to see a specialist. She is staying at Salem this week, taking treatments of a doctor there.

Roads Very Bad

Road conditions around Slades Corners are still very bad. The Burlington road is a patrolled road but no effort to open it has been made so far. The public is still driving through the fields on account of a few cuts in hills to be opened. A man here had to have a neighbor drive to Burlington and get a doctor for his sick wife and another team of horses took the doctor back again. Tuesday a farmer had a sick cow, he had drive to Burlington get a veterinary and take him back again. The roads from Kenosha to New Munster, Silver Lake, Wilmet, Bassett, Twin Lakes, are open for automobile traffic and are in splendid shape compared to those here when you drive through fields and can not drive in the road with a team of horses and sleigh since Feb. 4. The poor town of Wheatland cannot afford to open any roads.

Farewell Surprises.

A large number of relatives and neighbors gave Wm. A. Kohl and family a farewell surprise party last Friday evening. All report a good time. Mr. Kohl and family are moving on the Bruer farm which he purchased last summer. All wish them success in their new home.

Saturday night a surprise farewell party was given to Theo. Lemmerhirt and family. Mr. Lemmerhirt and family will move to Burlington this week and make that city their future home. An enjoyable evening was spent, and all wish them the best of luck in their new home.

Zimmermann Resigns as Postmaster

H. E. Zimmermann who has been postmaster at Burlington since Feb. 1, 1916, has resigned on account of poor health. Mr. Zimmermann was an excellent postmaster and gave the people of Burlington and vicinity the best of service in handling the mails.

Postmasters in this district have received official notification to warn all buyers of chicks and eggs for hatching to see that their confidence is not misplaced. Money sent for young chicks has been misappropriated, or else the buyers have been sent inferior stock, in several cases, the notices say. Postal inspectors are tracing the alleged bogus young chick and hatching egg dealers.

Bazal's Creamery Butter at Sauer's.

MONEY CANNOT BUY A FINER MATTRESS THAN THE NEW SIMMONS BEAUTYREST

- 1 Eight ventilators on side walls keep interior fresh and cool.
- 2 Luxurious new felt liner softens at top and bottom.
- 3 Grid, yielding support is given by 810 sensitive coils.
- 4 End row of coils on four sides anchored to side wall producing smooth, even edges.
- 5 Sides and ends of mattress structure on top and bottom.
- 6 Fabric pockets cut open to show wrapped coil springs.

The new Simmons Beautyrest now brings within reach of all the finest of sleep luxury. Its new features and refinements make it the perfect mattress. The muslin covered coil springs are anchored securely to both sides and ends, producing an edge that cannot sag but will remain smooth and even for the entire life of the mattress. This feature alone is one of the greatest forward steps that has been made in mattress construction. In addition to this, the tailoring and finish have been improved to a point where it would be difficult to imagine a means of making them better. With all of its improvements and advantages, the Beautyrest is, nevertheless, the least expensive mattress considering its years of service, that money can buy.
