Valentine SNIPPETS of SALEM

190 – D. Earl Floeter School Collections between 1953 and 1974

Contents:

This document is filled with names and dates and locations. Residences of teachers and board members will help genealogists detect the area of their voting and newspaper coverage as well as areas where they may have attended church. This is a wonderful document for researchers.

Pages:

0-16 Collections from the Dennis Floeter/Earl Floeter (DEF) collections pertaining to schools in the county. This includes Pleasant Prairie - miscellaneous images. Many of the images were also scanned. Please refer to the Valentine Digital Archive using keyword code DEF.

Wheatland Center School

Joint School District No. 1 of the Town of Wheatland and part of adjoining towns was formerly five separate districts prior to the consolidation procedure effected in 1952, and each district then operated a one-room school. Two of the former districts, Wheatland and Oak Dale, owned property on which the schoolhouses were located. The Wheatland district purchased land of the Ben Richter farm, consisting of one-half acre in the community of Wheatland. The Oak Dale district acquired one-half acre of land from the Carpenter farm in 1860. It is of this farm, now known as the Ziebell farm, that the new school district property on County Highway O is a part.

The other three districts known as High Street, Slades Corners and Fox River were not owners of the land on which the schoolhouses were situated, but rather the use of the land was granted to the school districts for school purposes. At such time as it is no longer used for school purposes it shall revert to the original owner's heirs. The High Street District reverted to become a part of what is now known as the Joseph Robers farm, and the district together with Mr. Robers sold the school building and the one-half acre of land to Mr. Uhlenhake. The Slades Corners school property will revert to the heirs of S. Dwight Slade who are Alice Huse, a former resident, and the widow and son of her brother, Mott Slade. The Fox River school site is in land formerly a part of the Runkel farm leased in 1880 and the sole surviving heir of Mr. Runkel is one of his daughters, Emma Klare, now residing in California.

By correspondence we received recently, she gave the land to the school district.

Plans at present are to sell the buildings and sites of the schools at Wheatland, Oak Dale, and Fox River, and the building at Slades Corners. The sale is planned for the latter part of May.

After considerable planning, a building was designed in cooperation with the School Board and Building Committee and approved by architects, West and Anderson, that would incorporate the essentials of a modern grade school with facilities for complete community needs.

Finally the figure of \$85,000 was accepted by bidders. In order to get a building like ours, special obligations and responsibilities had to be assumed by the School Board. All bills were paid directly to the suppliers. Howard Lindvig, our general construction contractor, took the biggest gamble on himself by agreeing to work for wages along in return guarantee of a building for our price of \$85,000 which would include a fee for his profit and expenses as a contractor if he provided us with a complete building. With this arrangement we were able to make necessary changes where advisable without being involved in a lot of extras. We realize that many extras were included in Mr. Lindvig's contract price.

Our cost breakdown as certified by our architect is as follows:

GENERAL CONSTRUCTION:

Howard Lindvig, Genoa City, Wisconsin

Including:

- Waal's Dept. Store, Walworth, floor covering and counter tops.
- Ben Morris, painting and decorating.
- Gasoroil, sheetmetal.
- Kenosha Glass.
- David Carlson, roofing.
- Edward T. Ver Halen, Insulrock roof deck.

\$59,307.00

HEATING AND VENTILATION:

Ernie Wiedenhoft, Walworth, Wis. 16,203.00

PLUMBING:

Genoa City Hdwe. Co., Genoa City, Wis. 4,850.00

ELECTRICAL:

Syman Electric, Walworth, Wis. 4,640.00

TOTAL CONTRACTS \$85,000.00

The balance of our bond issue must be stretched to include the following: Architect's fee, lawyer's fee, purchase of land, landscaping, equipment, etc. Our building was designed to include:

1. Fire resistant materials - stacked light weight reinforced block walls, steel joists, and insulrock roof decking.
 2. Thermopane windows in projected areas with vertical blinds for light control.
 3. Low pressure steam with oil burning furnace large enough for future expansion, if necessary.
 4. A multipurpose room, 64x70 feet, with stage and seating capacity of over 300 and a floor playing area of 40x68 feet.
 5. A six acre site for parking and play area.
- Our school district has an assessed valuation of \$2,124,255 and a state equalized or full valuation of \$5,627,000. The five towns of our district vary in per cent of assessment from 35% to 73.5% of full value. Our tax rate last year for grade school purposes based on state equalized valuation was 4.09 mills for operation. 1.42 mills for repayment of loan and interest. State law requires a minimum levy of 3 mills in order to be able to receive state aid.

We join in special gratefulness and appreciation for:

- God's blessing in the form of almost ideal conditions.
- Great fortune of accident free construction.
- Cooperation of Contractor's School Board, Building Committee, Mother's Club, Architects, etc.
- Taxpayers for their support of this community project.

Benediction.....Rev. Carroll Usher

The Story of Randall Consolidated Jt. Dist. No. 1

The present Randall Consolidated School is a continuation of the community interest in sustaining the best education possible, and dates back in the records of the former school districts to 1867. The teachers at that time taught seven months of school - four months winter and three months summer -- at a salary of sixteen dollars per month. A tax levy of one hundred dollars was raised for school purposes. At that time it was acceptable to operate on a five month term and the struggle for increased educational standards in this community are a matter of record.

In 1953 because of further physical and economic changes our area was faced again with a challenge to our educational program. With increased student enrollment and limited facilities to carry on a modern program, a citizen's committee of twenty five members, consisting of the school board members and two citizens from each of the adjoining school districts, was formed in January 1954 and continued for two years.

After many meetings and in the discussions with Kenosha County Superintendent, Miss Margaret Diehl (Gustafson) and Walworth County Superintendent, Mr. Sheridan Ellsworth, a study was made by the Department of Public Instruction under the direction of Mr. Ralph E. Jolliffe in June 1955. This study resulted in the recommendation for a township grade school, including the Village of Twin Lakes. This proposal was submitted to referendum and was defeated.

On September tenth 1956 a referendum to reorganize Randall District No. 1 (Randale) and Randall Jt. District No. 2 (Bassett) was carried by a majority vote. The first annual meeting of the new school district was held on November 26, 1956 and elected Mr. Anthony James, Mr. Wallace Karow, Mrs. Irene Kimball, Mr. James Yonkee and Mr. Fred Sarbacker to the school board and plans were started for a new school building.

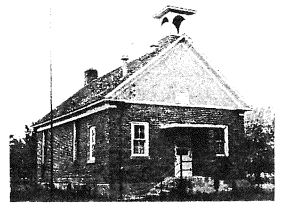

In April 1957 an informational meeting was held at the request of the Kenosha residents in the Bloomfield Jt. District No. 8 (Wildrose) and that portion was attached to the new school dist. by order of the joint Walworth County - Kenosha County School Committees.

A vote for a \$279,000.00 bond issue was held at the Randall Town Hall on June 3, 1957 and was carried 136 to 29. Twelve acres of land from the Ed Herda farm on County Trunk F and near County Trunk O were purchased at \$600. per acre as a site for the school.

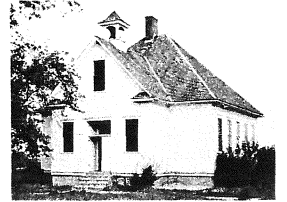

On August 25, 1958 a referendum to include the remaining portion of Randall Jt. District No. 3 (Oak Knoll) was carried. The annual meeting of the newly organized district was held Oct. 20, 1958 electing Mr. Kenneth Barker, Mr. George Bovee, Mrs. Irene Kimball, Mr. Fred Sarbacker and Mr. James Yonkee as their board members.

A special meeting was called on Apr. 16, 1959 to vote \$35,000.00 for a two room addition and a storage room and passed.

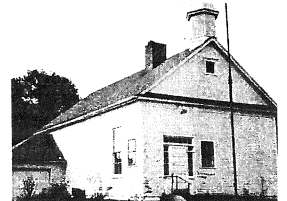

Through the unselfish devotion of time and talents of a great many more people than are recognized here-in we moved into our new building on Feb. 7, 1959.

All classroom cabinets in the various rooms in the original building and in the addition, a typical arrangement being shown in this program, were furnished and installed by the W.W.Bailey Company of Rock Island, Illinois. Featuring cabinets fabricated and finished at the factory and assembled at the school, it enabled Randall to secure a very high quality cabinet at competitive prices. In consultation with the Randall Staff and Architect a combination of continuous counter tops, providing adequate work areas, and movable units were installed at recommended grade height. A flexibility of equipment, allowing interchange between rooms as desired was thus secured in line with modern educational thinking, and further allowing the individual teachers choice of room arrangement. Genuine Formica tops were selected in patterns compatible with room colors. Designed by Architects and schools the cabinets installed in Randall School offer the utmost in function, quality and lasting beauty.

ART

Last week Miss Secanky had us make a mural. We showed how we look when we wait for the bus in the rain. Our mural is hanging in the hall.

The week before, we made pictures of how we think we look. Why not come and see us. All our pictures are hanging in our room.

We like our art class very much.

READ ! READ !

Recently all the classes got new books. Now we all have a big one for our morning classes. We like to read and many of us take library books home quite often. If we read the book, we are to have our mother write a note saying that we did.

NOW WE ARE 28

After our Christmas Vacation the first graders that were in the second grade room came back to stay with us. We are happy to have them here. Now we have twenty-eight first graders in our room.

HAPPY BIRTHDAY !

Judy Barbion	January 23
John Brandes	December 15
Noel Karow	December 10
Julie Rohr	December 31

CHRISTMAS PRESENTS

We received many nice gifts at Christmas time. We thought you might like to know our favorite.

Judy Barbion	a big doll
Army Baumcister	tractor & wagon
John Brandes	a motorboat
Kenneth Franke	electric train
Mark Jeffers	gun and holster
Noel Karow	truck
Mark Lois	paints
Mike Price	gun and holster
Sharvell Renner	paints
Tommy Schemming	a tractor
Roger Schmocht	paints
Pat Street	rifle
Betty Welch	Tiny Tears Doll
Denny Wells	Deer
Wally Wiedrich	Trailer
Christine Wilson	a cooking set
Pat Zomick	train
Jack Caulfield	transport truck
Fancy Harrison	colorforms
Deanna Bork	Tiny Tears doll
Julie Rohr	a ring
Glady Volbrecht	a doll
Bruce Wagner	Up and Down game

Grade One

Mrs. Ranker

BACK TO 30½!

With the coming of the New Year, we welcomed back the second graders who left us after the first month of school. The one-half is due to the fact that Bruce Wagner is in our room for a half day. It is very nice to be all second grade again although we missed the first grade.

BIRTHDAYS

December 3--Lenae Karow
January 12--Donna Komes

SNOW! SNOW!

Even though it didn't seem like winter at first we did our best to make it seem so! We have snowmen in our room that we made. We learned two songs: "Snowman" and "It's Snowing". Our favorite story was about an elf who blew different colored snowflakes all over a town.

PARLEZ VOUS FRANCAIS?

We have started to learn some French. Most of us know about ten phrases and we have learned the song, "Frere Jacques" (Are you Sleeping?)

NEWS SHORTS

- Gay Peterson has started to take baton lessons and she got a pony for Christmas.
- Linda Schulz has lost her two front teeth.
- Paul Hinds got a bad cut near his eye.
- Linda Wells had her tonsils out.
- Al Parente is getting his tonsils out this week.
- LaVon Seno has returned from a trip to California.
- Karl Shumaker has left our school and has moved to Kansas.
- One day Mike Lois Brought his film projector to school. We all were excited about it.
- Donna Komes passed out cookies on her Birthday.
- We made pictures of ourselves in Art Class one week. That was fun. They were what we wanted to be when we grow up. One wanted to be a grandmother.
- We should all have at least two library books read by now. About five of us have not done this yet.
- We saw two movies last week: "The Five Chinese Brothers" and "The Pony Express"

Grade One

Mrs. Paasch

GRADE 3

MRS. FOX

After Christmas Vacation we again changed rooms so we now have all third graders in our room.

We discussed exciting Christmas Vacation Events and told of our favorite Christmas gift.

Reading

Some of us are reading about animals. We are going to make an animal booklet of pictures and stories. The rest of us are reading and learning about peddlers.

Arithmetic

We are working with three-place numbers and some of us just learned how to borrow in three-place subtraction.

Music

We purchased a nice piano for our room this weekend. We are very anxious to get it tuned so we can begin using it.

Writing

We are going to start writing the capital letters and our names this week. Last week we learned how to form each of the small letters. We will be glad when we can write on all our papers.

Language

We are putting things in alphabetical order. We have discussed all of the things that are arranged in alphabetical order such as a dictionary, encyclopedia, index, etc.

Birthdays

Debbie Price and Maryann Blackburn both have birthdays in January and both of their birthdays are on the same day, January 21. Debbie wants a nice birthday cake for her birthday and Maryann would just love to have a horse! Happy Birthday Girls!

GRADE 4

L

MISS HOCKNEY

All the children in the 3rd. and 4th. grade room want to wish everyone a very Happy New Year!

WELCOME THIRD GRADERS!

The new year brought our room ten new children. The third have joined us again. They are;

Charles Schenning
Larry Schulz
Linda Davis
Carl Karow
Jerry Volbrecht
Billy Dankert
Bruce Schaal
Leslie Stofflet
Jim Caulfield
Pat Hogan

We now have quite a room full of children.

CHRISTMAS GIFTS

I want to say thank you for the lovely bracelet and earring set that the 4th grade children gave me. Also I want to thank the children who gave me other gifts as well.

Miss Hockney

INDIANS

The 3rd. grade are beginning to study about Indians and so all the information, pictures and materials the children can bring will help us as we learn about them.

LIBRARY BOOKS!

All of us need to read more library books and we need to find time to do this at home. A planned time would be good to help us read more books.

BIRTHDAYS

Laura Paasch	January 16
Donnie Schulz	January 18
Miss Hockney	January 1

We enjoyed the treat brought by Mrs. Paasch to celebrate Laura's birthday.

GRADE 3

MRS. FOX

After Christmas Vacation we again changed rooms so we now have all third graders in our room.

We discussed exciting Christmas Vacation Events and told of our favorite Christmas gift.

Reading

Some of us are reading about animals. We are going to make an animal booklet of pictures and stories. The rest of us are reading and learning about peddlers.

Arithmetic

We are working with three-place numbers and some of us just learned how to borrow in three-place subtraction.

Music

We purchased a nice piano for our room this weekend. We are very anxious to get it tuned so we can begin using it.

Writing

We are going to start writing the capital letters and our names this week. Last week we learned how to form each of the small letters. We will be glad when we can write on all our papers.

Language

We are putting things in alphabetical order. We have discussed all of the things that are arranged in alphabetical order such as a dictionary, encyclopedia, index, etc.

Birthdays

Debbie Frice and Maryann Blackburn both have birthdays in January and both of their birthdays are on the same day, January 21. Debbie wants a nice birthday cake for her birthday and Maryann would just love to have a horse! Happy Birthday Girls!

GRADE 4

L.

MISS HOCKNEY

All the children in the 3rd. and 4th. grade room want to wish everyone a very Happy New Year!

WELCOME THIRD GRADERS!

The new year brought our room ten new children. The third have joined us again. They are;

Charles Schenning
Larry Schulz
Linda Davis
Carl Karow
Jerry Volbrecht
Billy Dankert
Bruce Schaal
Leslie Stofflet
Jim Caulfield
Pat Hogan

We now have quite a room full of children.

CHRISTMAS GIFTS

I want to say thank you for the lovely bracelet and earring set that the 4th grade children gave me. Also I want to thank the children who gave me other gifts as well.

Miss Hockney

INDIANS

The 3rd. grade are beginning to study about Indians and so all the information, pictures and materials the children can bring will help us as we learn about them.

LIBRARY BOOKS!

All of us need to read more library books and we need to find time to do this at home. A planned time would be good to help us read more books.

BIRTHDAYS

Laura Paasch	January 16
Donnie Schulz	January 18
Miss Hockney	January 1

We enjoyed the treat brought by Mrs. Paasch to celebrate Laura's birthday.

Grade 5, Miss Bunkel

Our class had a going away party for Bobby Shumaker. We didn't like to see him leave us. We received a letter from him saying that he is living in Leavenworth, Kansas and he is attending the Howard Wilson School.

SOCIAL STUDIES

We are studying about the Constitution and The Bill of Rights. At first we found them difficult to understand but after giving them careful study we were able to understand the meaning of the Bill of Rights. We made a bulletin board listing the Ten Bill of Rights and a picture showing what each one means.

We are studying the biographies of many of the great leaders who help to make our country. Some of them we have made reports on are George Washington, Thomas Jefferson, Lafayette, George Rogers Clark, and Lewis and Clark.

ARITHMETIC

We are entering a new phase of arithmetic which is fractions. We made a bulletin board showing different parts of a circle. We enjoyed making our own fraction kits. We use these kits every day to figure out problems. We also use a flannel board to display our problems.

SCIENCE

Chemistry is a lot of fun. We enjoyed doing experiments to prove that we can make and take apart mixtures, cause chemical changes, make metals combine with chemicals, and make heat and light cause chemical changes.

BIRTHDAYS

Dennis Jensen	December 20
Judy Stofflet	December 22
Sandy Baumeister	January 5
Larry Barbian	January 22

Grades 6-7, Mr. Uglow

Visiting Our Subjects

In Reading, the 6th grade has begun their new books. Both reading groups have begun the new Ginn series: "Trails to Treasure," and "Wings to Adventure". We like particularly the new workbooks which go right along with the stories.

In Arithmetic we are studying three-place multiplication. It takes up a lot of room but isn't so bad if you have learned your combinations in the lower grades. It is more difficult to get the right number in the proper place as we have learned there is a special place for each number even if you have to use a zero as a place holder to reserve a place for you.

In Social Studies we are starting to study the development of modern nations of Europe and we have just finished our unit on Spain, Portugal, and France.

In Language we have been studying the use of the pronoun in grammar and the proper way to conduct a meeting according to the rules of parliamentary procedure. We have our second-semester election coming up the end of this week. Possible candidates being considered for the offices who will probably take out nomination papers are: Anthony Parente, Billy Croucher, Mary Prondzinski, Joe Cramer, Lola Karow, and Donna Schulz. It looks as though there are going to be many interesting competitive races for the various class offices at this time.

Something Added, Something Lost

The 6th grade was pleased to welcome a new-comer to our room. Her name is Gerri McBride and she transfers from Cooper School in Burlington.

We will miss Roger Sandstrom who moved back to Mason, Wisconsin near Ashland. Roger had lived in the trailer court and had moved here last September when his father was employed at the Bong Base. Roger informed Mr. Uglow that they would be back to Burlington in the summer and chances are he will re-enter Wheatland Center next September with the class in 7th grade.

The 7th-8th grades pleasantly surprised Mr. Floeter on his birthday, Jan. 15 with a party and gift.

Grade 5. Miss Bunkel

Our class had a going away party for Bobby Shumaker. We didn't like to see him leave us. We received a letter from him saying that he is living in Leavenworth, Kansas and he is attending the Howard Wilson School.

The 7th-8th grades pleasantly surprised Mr. Floeter on his birthday, Jan. 15 with a party and gift.

Committee Hearing (cont.)

as of June 30, 1960, all being in accordance with the provisions of section 40:03 of Wisconsin Statutes. Dated this 14th day of December, 59.

Over 100 people met to get information and to express opinions for and against the petition.

Directly after the meeting the Committee adjourned in conference and unanimous approval was given by the committee which met with the school boards of both schools, to order a Referendum at the general election the first Tuesday in April with voting at the regular polling place. At this election, it would be necessary for the majority of the combined electors of both Mound Center and Wheatland to vote in the consolidation.

Expressed Facts and Opinions at the Hearing.

People would be a part of a district classified as integrated. (One which meets the highest standards in Wisconsin)

All students would have an opportunity to receive instruction in special subjects and a large tax base would help supply instruction.

Transportation would be furnished for all students. Sale of property would pay initial costs (of bus)

Lunch Program available.

It is easier to get qualified teachers in graded schools.

Mound Center would share equally in district which has \$250,000 in building and equipment. They would have a voice in plan of future expansion, and would help bear such costs, about \$28,000.

Wheatland Cash on hand at end of year is about \$28,000. M.C. is \$2,000.

Mound Center's value of building & properties is about \$10,000 or more.

Our schoolground area is 13½ acres.

M.C. is debt free area. Its people have similar social and economic standards.

M.C. must absorb 1/6 of our bonded indebtedness, total of \$76,500. Their area must collect approx. \$13,000 or 1/7 of school tax levies of the future. At same tax rate, new district could levy an additional \$13000 for expansion with no tax increase.

School Store Items

The School Store has a supply of individual colors of crayons for sale at 2¢ each. Children are encouraged to buy replacement colors instead of a new box.

Special! We also have gold and silver crayons at 4¢ each. We also have replacement of half pans of water colors from 3¢ to 5¢ each. Children don't have to buy complete boxes when primary colors are sufficient.

SPECIAL! We have a NEW item for left-handers--left handed scissors! This is the original left-handed scissor designed for use by people who cut left-handed. Special advantages are that the blades won't separate, maintaining cutting action when used by the left-handed... plus complete, unobstructed visibility of the cutting surface. Cutting with "Lefty" makes the task easier and better. Cushion grip is the revolutionary vinyl foam coated handle that makes cutting more comfortable..ends finger fatigue. Available in green.

With a rounded edge, they sell for 39¢ and with the pointed edge, they are 49¢. Also available is the regular size scissor at \$1.25 which a left-handed adult might welcome.

SEED SALE

The annual seed sale, even though the weather is not encouraging for gardening at this time, is again being sponsored by the school. We have 40 boxes for sale with each box containing 15 packages and a special box. The price per box is \$1.40 or they may be bought in individual packets at 10¢ each. Packets contain both flower and vegetable seeds. Previous users have found the seeds to be very good and so therefore they are made available each year to purchasers in the community.

If you wish a box, have your child check it out on the first Monday. You may send \$1.50 for a complete box, (check out box) pick out seeds from box and return money and extra seeds.

L-H Club Meeting

Next Monday, Jsn. 25, the Slades Corner L-H Club will hold an important meeting for selecting a new leader,

If one tiny piece of information was found - the effort was worthwhile

to compile this and others in the series *Amela Valentin* 8/2009
